Alba Iulia, Romania, 8-12 May, 2013

ISSE 2013 - Alba Iulia, Romania

36th International Spring Seminar on Electronics Technology
"Automotive Electronics"

CALL FOR PAPERS

Dear Colleagues!

We invite you to submit an abstract to the 36th International Spring Seminar on Electronics Technology which will take place in one of the most beautiful towns of Transylvania, Alba Iulia, on May 8th - 12th, 2013.

AIMS OF THE CONFERENCE

- Micro/Nanoelectronics Research and Teaching
- Forum for Junior and Senior Scientists from Eastern and Western Europe and other Continents
- International Cooperation and Student Exchanges

The International Spring Seminar on Electronics Technology is the premier European forum for the exchange of information between senior and young scientists from academic communities and electronic industries from around the world on topics related to their experimental and theoretical work in the very widespread field of electronics and micro/nanoelectronics technology and packaging.

The seminar is based on a unique combination of oral and poster presentations as well as individual meetings where professors and young scientists come together to discuss their scientific collaborations and international cooperations in a convenient atmosphere during four conference days. It is our pleasure to encourage you to participate in ISSE 2013, organized by Department of Electronic which is a branch of Faculty of Science "1 Decembrie 1918" University of Alba Iulia, Romania.

Topics of Interest

- A New Materials and Processes
- B Thermal Management
- C Advanced Packaging and Interconnection Technologies
- D Testing, Reliability and Quality
- E Process Modeling and Simulation
- F Environmental and Ecology in Electronics Technology
- G Nanotechnology, Nanomaterials and Nanoelectronics
- H Signal Integrity and Electromagnetic Compatibility
- I Sensors, Actuators and Microsystems
- J Educational and Information Activities in Electronics Technologies
- K Discrete and Integrated Components
